

The Senate

The House of Representatives

Marble was used to decorate the Senate chamber. This stone is from all over the world.

Ten names are painted on the walls in the House of Representatives. These men fought for Kansas to become a free state.

The legislature is made up of two groups of people.
One group is the Senate.
The other group is the House of Representatives.
There are 40 senators.
There are 125 representatives.
They both have meeting rooms in the Capitol.
Kansans elect these people to make laws.
All Kansans must follow these laws.
